NEGROES HOLD UP TWO WHITE MEN

One Robbed in West End and Another on West Oronoco Street

FOOTPADS ARRESTED

Watch and Pistol Taken From Victims Found Upon Suspects—Will be Tried at 7.30 O'clock This Evening.

At a late hour last night William Lyles, employed at the new Southern Railway roundhouse, while on his way home, was stopped by two negro men on Duke street, extended, near Catt's Lane. One of the negroes held a pistol at his head while his companion proceeded to rifle his pockets. They took $28 and a pistol from him.

R. L. Fehnestock, a fireman employed by the Southern Railway Co., was halted it is alleged by the same couple while at the extreme western end of Oronoco street and his gold watch valued at $70 was taken from him.

The police department was notified, and every member of the force then on duty began a search for the highwaymen. Policemen Bell and Campbell soon found two colored men who answered the description given and took them in custody. Upon being searched at police headquarters a pistol taken from Lyles was found, but the money had been disposed of and could not be located. Fehnestock's watch was also found in the possersion of one of the negroes.

They gave their names as Henry Broders and "Columbia Kid," alias "Doughboy." The latter had a bank book issued by the Alexandria National Bank. It bore the name of James Grant.

As it was impossible for the material witnesses against the suspects to appear in court at nine o'clock this morning, the case was fixed for 7:30 this evening.

The news of these latest acts of negro highwaymen caused much excitement in the city last night, and, added considerably to the anxiety already experienced by persons compelled to be out at late hours of the night.

FOOD PRICES TUMBLE

Grain and Provisions Hit Toboggan On Chicago Market

Chicago, April 30.—Tremendous price smashing took place yesterday on the Board of Trade. Holders of Grain and Provisions competed on a big scale in effort to unload and stop losses on a declining market. A long-threatened free movement of Corn and Hogs from rural sources, was largely responsible for the general rush to sell.

Accompanying the break in prices and forming a powerful aid to the sentiment for a greatly cheaper level of values was a notice from the Federal Wheat Director that the Government would discontinue until further announcement any further purchases of wheat flour for export excepting first clears and Victory mixed flours. The purpose of this notice was stated to be to stop speculative fever.

It was declared by the Federal Wheat Director that if necessary all import restrictions on foreign wheat and flour would be taken off. He said, however, that there was plenty of American wheat and flour if the speculative tendency was stopped.

The announcement was followed immediately by further drops in the Corn market.

WARSHIPS AT WASHINGTON TO AID "V" LOAN

Washington, April 30.—Two of Uncle Sam's destroyers, the Paulding and the Terry, which saw actual service in the submarine zone during the war, arrived at the Seventh street wharves at noon today for a return engagement in Washington, in the interests of the Victory Liberty Loan campaign.

The vessels, equipped for war as they were when they helped checkmate the Kaiser's U-boats, will be on exhibition this afternoon, tomorrow, and Friday. Visitors will be permitted on board so that Washingtonians may see at first hand just how Uncle Sam made short work of the German monsters of the sea.

The only "pass" required to go aboard is a Victory loan button, showing that the purchasr has subscribed to the Victory loan. There will be bond salesmen at the wharf so that persons desiring to purchase and go aboard may do so.

Washingtonians will be treated to a spectacular demonstration tonight as another means of boosting the big push for funds in order to raise the District's quota of $20,307,000 by the end of next week. It will be staged by the Central Victory Loan Committee on the White House Eclipse at 9:30 o'clock, when a battery of 6-inch mortars will open fire and hurl scores of bombs hundreds of feet into the air.

As each bomb explodes, a large, beautifully colored flag, attached to a small parachute, will be released and will float over the city. Simultaneously several batteries of powerful army searchlights will be trained upon the flags from the roofs of nearby buildings.

Helmets For Prizes

The committees in charge of the sale of the bonds report splendid progress is being made. In order to stimulate interest in the sale of these bonds the local committee has received a German helmet to be awarded to the person selling the greatest number of bonds and another helmet received by the Alexandria Gazette will also be given to the person selling the greatest number of bonds. One is to be awarded to whites and the other to colored persons.

The women's committee will have charge of the wards and both helmets are now in the hands of this committee.

These helmets resemble the glittering coverings of the Centurions of ancient Rome. They were stored in a warehouse just in the rear of the battle line on the Western Front and were to have been used by the German soldiers on their entry into Paris, this being one of the cherished dreams of the Kaiser. They finally reached Paris by freight.

Each bank in the District has also been given one to be awarded at the end of the campaign to the person obtaining the greatest number of subscriptions, on which the initial payment has been made, and each County Chairman will have one to be awarded to the school which does likewise.

Arrival of Tank

The big six ton tank that will perform at George Washington Park tomorrow afternoon in connection with the Victory Loan demonstration arrived in Alexandria today is now on a flat car on the track on Fayette between King and Prince streets. KILLS DRINK-CRAZED MAN

Policeman Shoots as War-Frenzied German Wields Axe.

Atlantic City, April 30.—Christian Seibold, a drink-crazed shoemaker, was killed early yesterday morning by Patrolman Harry Bishop, a veteran member of the police force, when he attacked the officer with an axe. Bishop, in backing away from the man, tripped on the trolley tracks at Atlantic and Maryland avenues and fell. When Seibold raised the axe as if to brain him, the officer pulled his gun and shot him through the stomach. Seibold died three hours later in the City Hospital.

Seibold, who was a German, according to the police, had been drinking heavily ever since the armistice was signed. In drunken frenzies he called himself the Kaiser, and several times was ejected from saloons when other patrons resented his remarks. Nothing is known of his family connections here.

EUROPE'S MAY DAY SITUATION IS GRAVE

Paris, April 30.—The gravest apprehensions are felt throughout Europe today regarding the possibility of bloody disturbances tomorrow—May Day. Never in the history of organized labor has May Day been charged with such dire possibilities of conflict.

From Italy, Germany, Belgium, Austria, and Hungary reports have been flowing into Paris during the past week foreshadowing monster demonstrations by the working classes, who claim to have been more sorely stricken in all respects by the war than any other class.

Everywhere the authorities are watching acutely for any evidences of organized labor disorders. The troops and police of the Continent are being held in the leash, to be ordered out at the slightest sign of Bolshevik uprisings.

In the industrial north of Italy socialists have been extremely active throughout the whole of this month. Milan and Turin both fear disorders.

All over the continent the workers have declared a general holiday tomorrow. Although in France the socialists are still indignant over the acquittal of Villian, who shot their great leader, Jaures, the workers are expected to pass the day in peaceful demonstrations.

CRIME WAVE SPREADING

As will be seen elsewhere in the Gazette, two more holdups and robberies were reported to the police last night. It is gratifying to state that the police soon located and arrested two negros who, it is believed, committed the crimes, and they will be given an opportunity tonight to explain to the Police Court how a gold watch taken from one of the victims and a pistol delivered up by another were found in their possession.

The robberies last night followed close in the wake of several others which have been committed in Alexandria and near this city during the past few days by negroes. They have naturally caused alarm among housekeepers and people whose occupations keep them out late at night, especially such as have money on their persons.

Crime waves are reported in most of the large cities of the country, especially in Washington, where robberies are becoming more common all the time, and where some are committed with impunity upon the streets in the daytime.

There are many idle negroes in Alexandria, although labor is almost unobtainable. A few days ago a negro had been arrested while in a disorderly house and when made to face the Police Court he could give no satisfactory account of himself. He came here from Washington, where he said he worked. He was given his choice to begin work immediately at the torpedo plant or serve ninety days in jail under the vagrant act. He concluded to go to work.

The members of the police force are endeavoring to identify negroes who carry pistols. They took two in custody a few days ago who carried guns. They were fined $50 each, which they paid. Last night when Officers Magner and Talbot accosted a negro suspected of having a pistol they failed to find such a weapon, but the darkey wore a coat with many pockets from which they took several quarts of whisky. He was held for the grand jury.

THE CASE OF THE EX-KAISER

It is generally understood that the Peace Conference will cause William Hohenzollern to be brought to trial. He will be charged with committing an act of trespass upon the entire civilized portion of the globe, causing the deaths of millions of men and the devastation of miles of industries. His punishment is demanded by an outraged world, and that it will be meted out to him is now generally believed. The court is to be composed of representatives of the United States, Great Britain, France, Italy and Japan, and it will be its duty to fix the punishment which it considers should be imposed.

This decision has been long delayed. It was opposed by extreme international legalists and by those morbidly tender souls who deprecate "vindictiveness" toward those responsible for Germany's criminal methods of warfare.

The general run of mankind is not no easily affrighted by the shadow of justice. The Germans broke the laws of war and rode over the restaints thrown about military harshness by humanitarian compacts and understandings.

The legalistic sticklers at Paris recommended the Conference to dodge the issue by devolving on Belgium the task of prosecuting such German offenders as she could get into her courts. That was a counsel of pettiness. The Powers have now apparently rejected it in favor of open and courageous joint action.

UNCLE SAM'S LAST CALL

A spirit of pure patriotism should combine with an enlightened self-interest to bring in the desired billions in connection with the Victory Bonds. Patriotism should take the form of a thank offering that the United States brought the war to such an unexpectedly speedy and triumphant end, and self-interest should grasp the opportunity to become the possessor of the best and safest bond ever issued by our Government. The rate of interest is attractively high for such a gilt-edged investment, and the security is beyond all question.

This second week of the campaign should witness a great rallying to the support of Uncle Sam. Some States and many cities and towns have already gone over the top in filling the quotas, and Alexandria will doubtless do her part.

It is Uncle Sam's last call, and we must not fail him in this hour when the fruits of victory are being garnered abroad.

FIAT JUSTICA, Etc.

There will be a feeling of satisfaction throughout the civilized world that the arch criminal, William Hohenzollern, is to be araigned before an international tribunal. It was feared that the jurists and purists, who are guided mainly by legal precedents, might carry their point, and that the man who plunged the world into war and woe to gratify his insensate ambitions would escape trial and punishment. But the statesman who promised that the Kaiser should be brought to justice has carried his point.

It may be said by some that William Hohenzollern has already been heavily punished. True, he has lost his crown and empire and his dynasty is overthrown, But he is still a free man, unscathed in person and surrounded by a measure of respect which is far from being his due. A halo of dignity still envelope him, although he has shown that he is a craven and a feeble liar, false to his friends and quodam supporters and as willing to shift his own blame onto their shoulders as he was to break faith with a friendly and unprotected nation and to sanction the greatest outrages against humanity ever committed by a merciless invader. It is right that such a man should suffer the fullest measure not only of obloquy but also of personal punishment, that his individual responsibility and crimes should be brought home to him, and that he should suffer the penalties which fall on those of lesser station who transgress the laws both of God and man.—(New York Herald.

MAY VISIT AMERICA

British Maneuvers With U. S. Fleet Off Newport in Fall Planned

The entire British fleet may put in at Newport next fall to participate in maneuvers with the American fltee as the result of the visits abroad of Secretary of the Navy Daniels and Assistant Secretary Roosevelt.

In this manner, it was declared, the British would pay their compliment to the American nation for the aid it gave during the war. The combined review of British and American fleets the two largest squadrons in the world—would be the greatest naval spectacle of history. In addition, it would be the first time that the British fleet left "home waters" for an alien shore to participate in a review with the fleet of another power.

MISS ELIZABETH KEY DEAD

Baltimore, April 30.—Miss Elizabet Key, granddaughter of Francis Scott Key, author of "The Star Spangled Banner," died at the Church Home and Infirmary yesterday. She was 80 years old and death was due to the infirmities of old age together with complications from heart ailment.

A brother (John Thomas Key) is one of the veterans at the Confederate Soldiers' Home in Pikesville, this city.

SAYS HE KILLED HIMSELF

Woman Shot by Wealthy Lumberman Through a Door, She Says

Los Angles, Calif., April 30.—County authorities yesterday sought an explanation of a shooting affair at Ocean Park, a beach resort near here, that ended in the possibly fatal wounding of Mrs. Theresa Hoover and what she said was the suicide Monday night of Louis P. Ramsay, a wealthy lumberman, formerly of Lake Charles, La.

According to the officers Ramsay had been a frequent caller at the Ocean Park residence of Miss M. B. Coles, for whom Mrs. Hoover acted as housekeeper, and who has been missing from her home since last Wednesday.

Ramsay is said to have called at the Coles home last Thursday and to have searched the house for Miss Coles. Reaching the bathroom he found the door locked. He fired a revolver shot through the door, striking Mrs. Hoover in the breast, according to her story. She says he killed himself.

SNOW IN GREAT BRITAIN

Heavy Storm Sweeps Islands, Following Real Spring Weather

London, April 30.—Following a period of perfect spring weather one of the worst storms in some time raged over the British Isles Sunday night, covering the country with from four to six inches of snow. Telegraph and telephone lines suffered severely and communication is cut off in many directions from this city. Communication with the continent is interrupted. In this city, which received the brunt of the storm 5000 telephones were put of service.

Spring crops and young lambs suffered from the storm. Marine reports show that a few small ships were wrecked.

BLAST KILLS SIXTEEN

Eight More Expected to Die—Rock Falls and Lamp Ignites Gas

Birmingham, Ala., April 30.—Sixteen miners, two of them white men, were killed at Majestic mines following an explosion yesterday morning. Eight men were probably fatally injured. At a late hour last night all of the dead and injured had been removed from the mine except four.

The explosion is said to have been caused by a fall of rock, which released a large quantity of gas inside the mine, which was ignited by a miner's lamp. At the time there were 106 men in the mine.

After the explosion the dead and injured were strewn over a space of about 600 feet.

FIRES UPON STRIKERS

One Man Shot in Disturbance Following Walkout of Telephone Girls

Terre Haute, Ind., April 30.—Militia on duty in the telephone operators' strike at Linton, Ind, last night fired into a crowd of men and women gathered at the telephone exchange One man was shot, though not seriously. One militiaman was hit on the head with a stone. The militia fired ten rounds.

Adjutant General Smith, who has charge of the militia, has ordered the men to fire low if shooting is necessary.

Late in the afternoon, Earl Houck, agent of the Department of Justice, wired to the United States Marshal's office at Indianapolis, that the situation was growing more threatening and that miners and other union men were storing up ammunition and liquor. The marshal's office is dispatching fifty deputies to the scene, who are expected to start making wholesale arrests of rioters today.

Federal troops may be called here if the State militia is unable to handle the situation.

The strike of telephone girls has assumed serious proportions, having spread to other works and last night the situation appeared serious. Business houses, theaters and other places of amusement are closed.

The striking operators have called upon other workers for a sympathetic strike. Chaos answered their call and later miners began quitting work.

COAL: LUMBER AND BUILDING MATERIALS

W. A. SMOOT & CO. INC.

Your Next Winter's Coal

We do not know what the price of coal will be next Fall and Winter, as the retail price is governed by the price at the mines and the freight.

Our understanding of the present program is that Anthracite coal will advance ten cents a ton a month from May 1st to September 1st, and although we think this program will probably be carried out yet we are not sure of this.

We do know that THE MINES CANNOT PRODUCE, THE RAILROADS CANNOT HAUL, AND THE DEALERS CANNOT HANDLE nearly enough coal during the Fall and Winter months to take care of an ordinary Winter's demand.

This means that coal will have to be mined, transported and delivered during the Spring and Summer to avoid a serious shortage next Fall and Winter.

We advise our customers to take these facts into consideration and order a reasonable supply of coal now.

PLAN MONUMENT TO COLONEL MOSBY

That the "Grand Old Hero" of Virginia, Col. John S. Mosby, may never be forgotten, a movement is now on foot to erect a monument to his memory in Warrenton, Va.

He was one of Virginia's heroes of the civil war, and now lies in the cemetery in Warrenton. It was said that his grave had never been marked but is has always been well kept.

Colonel Mosby was one of the most interesting figures of the war of the rebellion. He organized a regiment or riflemen and operated for the most part in the northern States of the Confederacy. It was he, it will be remembered, who caused such scares in Washington.

Unity of faction in those interested in raising the monument is absolutely necessary, since the first movement to raise a fund was stopped at the beginning of the war and though contributions are encouraging, not enough has been raised to build such a memorial as is desired.

Contributions may be sent to Mrs Edward Carter, of Carter Hall, Warrenton, Va.

END FIGHT FOR EQUALITY

Japan Fears Delay in Peace Signing, Diplomats Here Say.

Japan has definitely abandoned her fight for a racial equality clause in the league of nations covenant in the greater interests of her Asiatic program, in the opinion of well-informed diplomats in Washington.

Baron Makino, it is said, saw that general enmity toward Japan and her aspirations would be created if the Japanese delegates sought to delay the Peace Conference proceedings on the eve of the German meeting.

Insistence on her racial clause might have forced her to break with the conference. Her position in this respect is more complicated than the Italians, it is pointed out, because Japan made war directly on Germany, now holds captured German territory and must have representation at the parley with the Germans.

DRY PROTEST ON JUNE 14

Plans for a demonstration in Washington on June 14 to protest against the enforcement on July 1 of the war-time prohibition act are being formulated today by a committee of six men apointed by the Central Labor Union last night passed a resolution of protest against the prohibition amendment. The association contended, in its resolution, that two and three-quarters per cent alcoholic beverages are non-intoxicating.

A committee was appointed to arrange for a monster demonstration, probably similar to Baltimore's "wet" parade next month.

The committee is composed of Henry Miller, H. S. Hollohan, N. A. James, W. H. Ryan, B. W. Payne, and Hugh D. Digney.

Representatives from labor organization throughout the country will be asked to participate in the demonstration.

U. S. TO RETURN CABLES

By Direction of President, Burleson Restores Them to Owners.

Government control of the American cable lines will be relinquished at midnight next Friday, May 2.

This announcement was made by the Postmaster General last night, following the receipt of a cablegram from President Wilson in reply to Mr. Burleson's message of yesterday recommending that the cables be turned back to their private owners not later than May 10.

Doubtless on authority of the same order from the President, the Postmaster General made the positive announcement that "the telegraph and telephone lines will be returned to the various companies as soon as legislation can be secured from Congress safeguarding the interests of the owners thereof." He announced that he would "recommend" the restoration of the land lines.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the *real* cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

THEATRES

GRAND THEATRE

Perhaps "nothing succeeds like success." But the great hold that stories dealing with success will always have on the reading public is more than justified in the cleverly screened story, "It's a Bear," starring Taylor Holmes, at the Grand Theatre tomorrow.

This picture is replete with quick-action, humorous situations that furnish Mr. Holmes every opportunity for the display of his unquestionably light-hearted talents.

RICHMOND THEATRE

Charles Ray, the popular Thomas H. Ince star in Paramount pictures, has a splendid photoplay, "Greased Lightning," which is the bill at the Richmond Theatre tonight. Mr. Ray is an inventive genius in the story and the race he makes to capture a robber is one of the most thrilling ever pictured. The support generally is excellent, Wanda Hawley being the leading woman.

INGOMAR—Kitty Gordon

"The Scar," starring Kitty Gordon, at the Ingomar tonight, is a picture you will thoroughly enjoy. It is highly emotional, tense and fast moving. From start to finish there isn't a single dragging moment and throughout it is presented in an elaborately lavish manner that pleases the eye and delights the senses. Miss Gordon is seen in the remarkable role of Cora, a Spanish adventuress, who is extremely beautiful, but calculating and relentless. Supporting Miss Gordon is a truly notable company including Irving Cummings, who appears as her leading man, Eric Mayne, Frank Farrington and others.

GERMAN ENVOYS ARRIVE

Will Receive Peace Treaty From Allies Friday, Program Provides

Paris, April 30.—Dr. Walther Schuecking, one of the German peace plenipotentiaries, stated upon his arrival, that in his opinion peace will be signed by May 15. There are other apparently well-founded predictions that the Germans will sign almost immediately after having studied the document.

Versailles, April 30.—The German delegates will receive the peace treaty Friday, according to the program outlined.

Verification of the Germans' credentials, together with other preliminary formalities are expected to occupy Wednesday and Thursday.

Postors have been put up all over Vrsailles asking the public to maintain its usual calm demeanor while the Germans are here. The streets leading to the hotels where the Germans are quartered are not barred, but "move on" notices have been posted in conspicuous places.

The enemy representatives arrived in Vaucresson on a special train shortly before midnight. The party, which included 14 women stenographers most of whom carried hat boxes, huddled in a group, ill at ease under a barrage of flashlights. Curious villagers clustered around them.

Herr von Keller, a member of the German delegation, who had preceded them, shook hands with the leaders of the party. Col. Henry then announced the motor cars were ready. The Germans, passing between two lines of gendarmes boarded the forty motor busses and automobiles which brought them to Versailles. Their baggage was carried in camions. Upon their arrival here they were taken at once to the Hotel des Reservoirs.

SEEK MURDERERS

Negro Who Killed Richmond Woman Still at Large

Richmond, Va., April 30.—Police are making widespread search for two negro robbers who shot and fatally wounded Mrs. Abram Bicoff, wife of a Richmond merchant, her death having occurred in a local hospital. Her body was taken to Philadelphia yesterday afternoon for burial. She was formerly Miss Rosa Barankin, of that city. Her brother, Myer Barankin, is returning from overseas with the Twenty-ninth division. The intruders were masked when they attacked her in her husband's store.

NOTICE TO RENTERS

What protection have you against a raise in your rent? A building lot, paid for, is your best protection because you will then be in a position to build your own home in case the rent becomes more than you care to pay. Your landlord will tell you it is cheaper to rent than to own. He knows better but he does not want you to break away from the tenant class and become a home owner.

$8.00 per month will put you in possession of a choice home site, which when paid for will enable you to build and thus pay rent to yourself rather than to a landlord.

Think this over now then act. F. C. Goodnow Company, agents. 600 King Street. Phone 388. 103-4t.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky.,—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before.

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action leaving no bad after-effects, it has won the praise of thousands of people who have used it.

A Resident Known to all Our Readers Relates an Experience.

Readers of the Gazette have been told again and again of the merits of that reliable, time-proved kidney remedy—Doan's Kidney Pills. The experiences told are not those of unknown persons, living far away. The cases are Alexandria cases, told by Alexandria People.

William L. Nalls, 534 S. Patrick St., Alexandria, says: "My back ached all the time and the pains through my loins were so severe I thought they would kill me. My kidneys caused me a lot of annoyance. Nothing did me any good until I got Doan's Kidney Pills at C. W. Summer's Drug Store. A few doses relieved the misery in my back. I used three boxes and they put my kidneys in good condition and my back has'nt caused me any trouble since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Nalls had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.
